

# Wu Ling Shan - key birding areas.

June 2011

← Apparently area beyond car park is good for Chin's Flycatcher.

CAR PARK WATERFALL

road to waterfall  
car park from hotel (6km)

this track is good early mornings for White-bellied Redstart, Least Nuthatch, Golden Pheasant etc.

Grey-sided Thrush breeds around the huts.

footpath track to viewpoint

this footpath good for Myrtle's, Chaudun Leaf, Yellow-billed Warbler + Grey-sided Thrush

entrance road from south gate

Chinee Song Thrush + Grey-sided Thrush sing from here.

Peak 2118 meters

CAC PARK

Ray Pipit up here

6km

Bull-headed Shrike was on wires around here.

— footpath here (looks good but I didn't try it, so not sure how far it goes)
